

## **BASIC PROTOCOL :**

### **Step 1: Reactivation, Reconnection, Anchoring and Protection :**

You can lie down or remain seated, depending on your physical state, but if you are in good shape you must remain STANDING and display an Upright, Dignified, Stable, and even Authoritative Posture, far from being in a state of mind to ask or beg for anything and from anyone. THIS IS IMPORTANT.

Calm and with Serenity you start with 1 or 2 minutes of Sooth Breaths and you quote these sentences:

#### **Reactivation :**

*At my Zero Point...*

*I Reconnect with my Divine Essence.*

*I Reactivate and Amplify my Divine Spark.*

*I Reaffirm my Primordial and Unlimited Power.*

*I Reaffirm my Primordial and Unlimited Intelligence.*

*I Reaffirm my Authority and Divine Creativity.*

#### **Reconnection :**

*I Create a Channel of Reconnection with my Source and my Higher Planes through my Unlimited Power. I Protect my Channel with the Most Powerful Energies of my Divine and Stellar Origins.*

*Only the Energies and Information between my Source, my Higher Planes and me can circulate there.*

*From this moment I Declare and Decree :*

*Through my Protected Channel...*

*I Reconnect with my Source and Command to Benefit from my Luminous Primordial Energy.*

*I am resuming my Highest Vibration.*

*My Light Energy Descends in all my Bodies, in all my Chakras, on all Planes, in all Dimensions, Cleanses, Harmonizes and Balances them.*

#### **Anchoring :**

*By my Primordial and Unlimited Power...*

*I Create Roots that Sink Firmly into the Earth.*

*I send my energy to my Underground Chakras to Cleanse, Balance and Harmonize them.*

*My Light Energy continues to the Heart of the Earth.*

*It makes contact with Telluric Energy for my Anchoring.*

*I Anchor myself in a Solid way and only for this incarnation.*

*I Keep my Agility, my Freedom and my Authority.*

*By my Primordial and Unlimited Power...  
I Order to Benefit from the Rising Telluric Energy.  
It passes through all my Chakras and my Bodies where I need it.  
I Thank the Earth for this Energy.*

**Protection :**

*With Authority, in the Absolute Sovereignty of my Essence...  
I Recreate and Strengthen my Multilayer Protection Bubble with my Highest Vibration.  
I Decree My Bubble of Protection Insurmountable, Unassailable, Impermeable and Inalienable.*

**End :**

*I Reaffirm my Sovereignty, my Power, my Authority, my Intelligence and my Creativity everywhere, in all Dimensions and on all Planes.*

**Important :**

Never call on anyone or anything in this process, no Guide, no Guardian Angels, no Archangels or Ascended Master, not even I don't know which Gods. If you need all of that, you're not ready to be who you REALLY are.

After this Protocol you are Connected, you are Anchored, Re-energized, and Protected. You have regained your Authority and the Sovereignty of your Essence. A person who sees the Subtle Bodies sees it Clearly.

You can therefore move on, that is to say the Termination of Contracts Protocol, then the Creation of the 12D Shield.

**Step 2: Termination of Contracts:**

It should be noted that Reconnection and Anchoring immediately increase your Vibration and that a large number of parasites are already falling and leaving your Energy Sphere. There remain those who are there by contract, consent, promise, etc... Especially parasitic or interfering entities but who are by their nature or their role in the high vibrations, it is therefore necessary to get rid of them by Termination of Contract. Important, this step cannot be done lying down or sitting except for very vulnerable people. You must adopt a Dignified and Sporty Posture like a boxer and if necessary, add gestures!!!

**Here is the Base : to adapt to your Vibration and your Style :**

*By my Power and my Primordial Power...*

*I Summon all the entities that have been linked to me since all my incarnations and disincarnations, in the astral, in the matrix, on earth, on all planes and in all dimensions.*

*Whether you like it or not...*

*I Summon you all, from the smallest parasite to the Masters and Lords of Karma.*

*I Summon the whole world of Angels, Archangels and Archons.*

*I Summon everyone to the highest Archontic, Archangelic and Demiurgic plane.*

*I Summon you here and now.*

*I Order you to stop moving and to listen to me.*

*In my Total Sovereignty...*

*I am Breaking any contract.*

*I Break all Act of consent and commitment.*

*I Break all Vows, Allegiances, Promises and Agreements...*

*Tacit or not, conscious or not, written or not, done during dreams or not, obtained by trickery or not, during a period of weakness on my part or not.*

*I'm Breaking everything...*

*Entirely, Immediately and Retroactively, on all Planes, all Dimensions and Spaces of Time, all Spaces of Life and all Bubble Frequencies of Creations.*

*I Open every dimensional portal and I Break with every entity, hidden or not, seen or not seen.*

### **Step 3: Creating the 12D Shield :**

*(GOLDEN YELLOW)*

Most of us are used to see shapes and we tend to want to see the same shapes ! The expression of this Will to Create a Triple Layer of Protection on your 12th Dimensions does not take the same form in everyone but has the same effectiveness : it is a lock down. The Words, the Phrases expressed have a Vibration. They express a Creative Will in this case the 12D protection takes the form of a bubble, in others of a shield, in others of a whirling and twirling fire energy impassable by anything. Use your own words. Depending on our stellar and terrestrial journey we cannot always use the same words. If you think you have to do this or that, you have to do it. Nothing is imposed, everything is just a suggestion. Your Guide is You. Your Guardian Angel is You. The entities whose role is to ensure the Evolution of Humanity know that you have nothing to ask. They know the manipulations, the interceptions, the diversions that exist in this area. They know that to incarnate we are diminished and diffracted. The slightest request coming from the man who forgot that he is the Creator worked against him. So be yourself a CREATOR as you have inherited it from primordial times.

#### **Step 4: Creating the Dome of Creation :**

If you want to launch projects, create a lifeline or if you simply want to exercise your role as creator, whatever world you are in, including here, it is useful to create a dome of creation. Clean and Protect it. It's simple, it's done Vibrationally, through your Intention and your Affirmation.

*I Recreate and Reactivate my Dome of Creation around me.*

*I Clean it with my Highest Protective Energy.*

*I Harmonize it and Install Calm and Serenity.*

*Only the Energies that I Authorize have Access to it.*

You can Authorize the Energies that Help you in your Creations; such as Inspiration, Courage, Resistance, Perseverance, Money Energy and Abundance. These Energies circulate in nature Free of charge. You don't have to connect to anything to attract them. You order them from your Higher Self, therefore from YOU !
