

ZERO POINT PROTOCOL :

You can lay down or remain seated, depending on your physical state, but if you are in good shape you must remain STANDING and display an Upright, Dignified, Stable, and even Authoritative Posture, far from being in a state of mind to ask or beg for anything, from anyone. IT IS IMPORTANT.

In Rest and with Serenity you start with 1 or 2 minutes of Calm Breaths.

Important :

Never call on anyone or anything in this process, no Guide, no Guardian Angels, no Archangels or Ascended Master, not even I don't know which Gods. If you need all of this, you are not ready to be who you Really are. After this Protocol you are Connected, Anchored, Re-energized, Protected and you have regained your Sovereignty. A person who sees the Subtle Bodies sees it Clearly.

Exercise 1 :

Close your eyes and say :

I ask to put myself in contact with my Spirit by understanding that the neutron or 'Zero Point' in an atom causes the two poles to coexist : a positive and a negative.

I command that all negative scenarios go this Zero Point.

I command to Depolarize and return to Create and Manifest from this Zero Point.

I ask my soul to follow this programming.

I command Liberation and Regain my Power through the Creation of my Merkaba, my Lightbody.

I order that the conflict zones find their Zero Point and that the Positive charges which are the mirror of the negative charges come to be neutralized in the Chakras, the Genes, the DNA, the 13 Helices.

I command it to be Sweet !

I command that all entities with whom I have made alliances be rejected.

I order to install this new program which is installed from the epiphysis to the adrenal glands, to the nervous system and the spleen, to the atoms, to all my energetic bodies.

I command that any negative experience serve to polish at the Zero Point, Here and Now, that my Merkaba be sealed, that my physical, emotional and mental bodies be sealed and that the decision be sealed by myself.

I command my SupraMental Spirit to come and speak to me!

I command to Free myself from all karmic bonds, consents, debts, allegiances.

I Give Freedom back to all my bodies and to all those encountered here on Earth.

I command to come to the Real, to the Present and that the beliefs, the wishes which kept me in the past or the future are put at this Point Zero.

I command the Light to descend into my cells.

I command that other incarnations are brought into coexistence, that all attachments, contracts, oaths and pacts are brought to this Zero Point.

I command all my intentions to be fulfilled, Here and Now.

Exercise 2 :

With the masochist of my Soul who believes that he must suffer in order to evolve...

I now command to evolve through KNOWLEDGE and CREATIVITY into this Zero Point !

With the guilt of the soul...

I command the Enjoyment of the Spirit at this Zero Point.

With the anger of the soul...

I command Peace of Mind at this Zero Point.

With the soul and personality that carries shame...

I command Dignity.

I command to be completely sealed in every area that concerns me in my life.

I command to live directly from my Double.

I order to be able to achieve this easily.

I order that everything linked to old programs and which prevents ordering effectively (beliefs, education, etc.) be put at this Zero Point.

I command with the Power of the Double assurance on the mental, emotional, physical and material levels.

I command that my magnetic power be increased by integrating the positive, creative polarity.

I order to now be able to integrate the new programs into my genes, my DNA, my chromosomes, etc. ...and that the program settles in the master epiphysis in all dimensions, my endocrine systems, my spleen, my nervous system, the intercellular fluid, the atom, all the helices, all my chakras, my energy bodies and my soul.

I command that the waste of the old programs of submission, domination, demand, deity prayer and loss be eliminated.

I command that all parts of me that were fragmented, dissociated and holographic in the past, future and the abyss be recovered, brought back into anchorage in my bodies and my DNA at this Zero Point.

I command that all parts of me that are in rivalry be brought to Zero.

I command that roots and anchors in the past, future and non-time dissolve to anchor in the present, at this Zero Point.

I command to integrate all my parallel lives, from all timelines, Here and Now into this Zero Point.

I command to disconnect myself from all artificial sources and allow my Higher consciousness to connect to its Original Source.

I order that all the waste from old programs which kept me in a fictitious time, distorted, manipulated and in loss of real identity be eliminated through the appropriate systems.

I command that everything be sealed, that my Merkaba be sealed, tolerated and integrated into this Zero Point.

Even if I don't believe it...

I command Healing at this Zero Point.

Even though I don't know how to do it...

I command to find the solution of Spirit at this Zero Point, Here and Now and forever, in all my lives, in all dimensions, on all planes and for all my bodies.

I FORGIVE myself and BLESS myself.
